

Hi Colleagues

Just an FYI to let you know about the ORELA Multiple Subject Exam Prep Workshops that are being offered (see tables below).

As you can see there are some trainings that are scheduled at the OEA Office and some that are scheduled at the Western Oregon University (WOU).

Members should register on-line and they will have to have an OEA log-in to register. If they don't have an OEA member log-in, then they will need to contact Janine.leggett@oregoned.org to get one.

ORELA Multiple Subject Exam Prep Workshops

Sponsored by OEA - For Members Only

The ORELA Multiple Subjects Examination is required of most Oregon educators working to obtain an Initial I license with authorizations at the early childhood, elementary, and/or middle school level. Many of those teachers currently hold an Initial or Restricted Transitional License. Special Education (SPED) teachers can also use the ORELA exam to meet the federal "highly qualified" requirements for their SPED students who are learning at or below the 8th grade level.

OEA offers free ORELA Multiple Subject Exam Prep Workshops to our members and student members. This training will cover information about the test framework and protocol, related to licensure questions and will provide relevant practice test items that can assist in preparing for all topic areas covered on the test. All ORELA Multiple Subject Exam Prep Workshop sessions can be registered for online using the form below.

September	10	2011	9:00 AM – 12:00 PM	OEA HQ Office
November	5	2011	9:00 AM – 12:00 PM	OEA HQ Office
